Ground Rules

1. Collaborative Learning – work together to learn together
2. Have respect for other opinions (don't have to agree)
3. Focus on issues, not people
4. One conversation at a time
5. Consensus: don't have to like it but can live with it; strive for full agreement; can use zone of agreement
6. Have fun
7. Welcome clarifying questions – can cover stuff again
8. Explain acronyms and jargon
9. Communicate on roles, authority, decision spaces (i.e. PRD & Group)

Note: Kevin Khung noted that he will be clear with the group where he and the USFS retain decision space or authority throughout the project as recommendations are crafted.
