- V. Polygon: Information and Discussion for: Piedra
- VI. For all the Polygons.....a) What are the group's impressions? b) Is anything else needed? c) What might need more review? d) What issues came up for you during the discussions? e) Do you want a summary of all of them?
- VII. Topics for discussion with Kevin, Steve and the USFS staff, and the group:
  - Grazing
  - Aspen
  - Aesthetics and tree cutting/removal
- VIII. Identifying next steps for the group and the next meetings
- IX. Next Meeting Date

### Ground Rules

1. Collaborative Learning – work together to learn together
2. Have respect for other opinions (don't have to agree)
3. Focus on issues, not people
4. One conversation at a time
5. Consensus: don't have to like it but can live with it; strive for full agreement; can use zone of agreement
6. Have fun
7. Welcome clarifying questions – can cover stuff again
8. Explain acronyms and jargon
9. Communicate on roles, authority, decision spaces (i.e. PRD & Group)

Note: Kevin Khung noted that he will be clear with the group where he and the USFS retain decision space or authority throughout the project as recommendations are crafted.
