

MIXED CONIFER

Forest Health. Forest Restoration. Status. Trends. Ideas for the Future.

*A community workshop sponsored by the
Upper San Juan Mixed Conifer Working Group*

What: This is an educational and work session sponsored by the Upper San Juan Mixed Conifer Working Group. The Workgroup has been meeting for a year and is ready to present information to community stakeholders for discussion and feedback. The meeting will begin with an in-depth presentation on:

- why the Working Group formed including key issues related to the mixed conifer forests on the Pagosa Ranger District;
- the general state of the mixed conifer forests on the District;
- important historical and technical information plus trends; &
- ideas for the future around forest health, forest restoration, community awareness, and wildfire.

Then, attendees will discuss the presentation, and give input and ideas. *The Working Group wants to hear from YOU!*

When: Tuesday, October 25, 2011 from 5:30 to 8:30 p.m.

Where: The Ross Aragon Community Center – conference room to the right as you walk in the front door (look for the signs).

Who: Specific invitees include the current email tree for the Upper San Juan Mixed Conifer Working Group and invitees. Everyone is welcomed.

A light dinner will be served so please RSVP to the facilitator, Marsha Porter-Norton by Friday, October 21st, 2011 (porternorton@bresnan.net or 759-3110).
